About This Game

In Kingdom Defense you have to be in the role of the commander of the defense of the kingdom. You will have to keep defense using three towers, soldiers, traps and a variety of improvements for them. For a successful level you need to hold out under the pressure of hostile troops, not allowing him to get to the territory of the kingdom.

At each level you have to build your own strategy defense and develop it as the onset of the enemy and accumulation of stocks to improve their defensive turn.

Features:

- A variety of opponents
- Several types of defensive structures
- 12 different levels

Title: Kingdom Defense
Genre: Casual, Indie, Strategy
Developer:
Mikhail Melnikov
Publisher:
Mikhail Melnikov
Release Date: 1 Dec, 2017

a09c17d780

Minimum:

OS: Windows XP/7/8/8.1/10

Memory: 512 MB RAM

Graphics: 256 MB

Storage: 200 MB available space

Additional Notes: Keyboard and Mouse

English,Russian

The screenshot displays a music player interface with a list of songs. The song 'Hysteria' by Muse is currently selected and highlighted in blue. A large orange '73.0%' is shown next to the song title, indicating its progress. The interface includes album art for each song, the song title, the artist name, and a progress percentage. At the bottom, there are playback controls: 'Sort' (RB), 'My Path' (BACK), 'Tools' (START), 'Favorite' (Y), 'Back' (B), and 'Select' (A). The text 'SELECT A SONG' is overlaid in the bottom right corner.

Album Art	Song Title	Artist	Progress
	Sweet Mountain River	Monster Truck	0%
	Mississippi Queen	Mountain	0%
	Hysteria	Muse	73.0%
	Knights of Cydonia	Muse	0%
	Muscle Museum	Muse	0%
	Plug In Baby	Muse	95.7%
	Stockholm Syndrome	Muse	97.5%
	Supermassive Black Hole	Muse	98.0%
	Time Is Running Out	Muse

yeah this game is aesthetic and all but the whole stanic ritual thing is kinda ehrrrrrr. very yellow much wow.

got it for free 10/10 would bang again. Finished the game in 2 hours so I will not be writing a full review.

The graphics are fine, you can choose from 3 options- Low, Medium, High.

It's a bowling game... + Zombies + Powerups + Smooth gameplay = This game.

The A.I. Of the game is pretty easy, beat the story mode with loosing 1 or 2 times.

I suggest picking this game up when it's on sale. Fun short time waster.. Funny and interesting. Has a lot of glitches but its clearly still a beta demo. Definitely worth a play and I can't wait till a full release gets launched.. Poland is space♥♥♥♥♥♥.

Eddie Gluskin is my supreme gentleman <3. Well It's complete (at least until more DLC comes out)

While this game has plenty of naughty bit for the pervy types out there, it's actually very fun to play with a unique development system that encourages you to upgrade your equipment.

SPOILER Don't sell off all the goodies you find as you may need them for other crafting items.

Also tho it is not over apparent you can redo some of the quests mutiple time. If they are in white for me after completing them once, you can do them again if you choose.

The publisher **HappyHand** is very helpful with questions in the discussions group, so if you get very stuck drop him/her a note, but I will say that appears that others may be able to support you also.

. This is a game for anyone who has ever watched WWE and thought, "Well, even I could write something better than that." The game is is deep with something of a learning curve, but it is also very rewarding. The Grey Dog Software forums are extremely helpful in regards to getting help and downloading all sorts of mods for the game, which are also very easy to install. While there is a newer version of TEW available through the website, getting this for \$15.99 on Steam is a steal.

This game seems like it could be fun, but there is no guide for the mouse and keyboard controls, only for the controller controls. Please fix.. Although, the game is already in beta state, it is much unfinished yet. Looks like it tries to be a bit like The Long Dark, however it falls short on that.

Cons:

- very short main story line, even side quest do not add much to that
- some side quest are broken (e.g. Isaac quest was finished, despite the fact I haven't fight him, or I could not get into bunker secured by ciphers, despite finding them)
- game breaking bugs (e.g. "freezing" the character in the middle of the fight, or blocking him behind doors or obstacles)
- some locations seems to be unfinished (e.g. there is something to operate on, but nothing happens)
- fighting mechanics feels cumbersome, and bugged (often weapon hits are not registered)
- not well optimized (e.g. sometimes visual lags in fights or while running)

Thus, I personally do not advice this game in its current state for solo play if one wants to have miningful.

However, the game has solid potential, and once finished may be worth to play.. Very interesting concept, I love watching the AI evolving, and building my own cute creatures. Fun times.. It's just Royal Defense with boats...

Can only advise this to players that have never played a tower defense game before.. Okay I came into this game with very low expectations. The "Mostly Negative" Reviews had me very wary and thinking I might refund this game. But It looked interesting enough that it was on my wishlist and it was on sale. Now... I don't get the hate. It's a trial and error factory production game. You have to try and figure out multiple things and create machines that will let you sell it. I find it a lot of fun and it is pretty fun in spurts. It's worth the full price I'd say.
